New Teeth In Dog Tax Law

Amendment Makes Pup a Dog at Birth; Adds Penalty

The county dog tax is due, and will be delinquent on February 15, after which it will cost dog owners the regular fee, plus $2.50 for each license he is found to be without.

The supervisors revised the ordinance again, on December 15, and came as near as is humanly possible to answering the ancient question of "when does a pig become a shoat," i.e., by making a pup a dog when whelped and eligible for full-grown dog tax. However, the owner is given 10 days of grace, but after the "dog" is 10 days old, the owner is liable for the delinquent penalty. The 10-day period of grace applies also to dogs brought into the county, but a license must be procured before the expiration of 10 days, or the owner must pay the delinquent tax.

By paying a fee of 25 cents, the registered owner of a dog may transfer his registration and license to another person, except a group license.

Amendments to the ordinance makess it a misdemeanor to violate the provisions and makes the violator subject to a fine of from $10 to $50, and imprisonment in the county jail for not more than 50 days.

To bring the facilities for licensing as near as possible to the owners' door, County Clerk W. J. Broaddus has appointed 33 agents throughout the county to issue licenses, as follows:

H. M. Burke, 156 East Standley, Ukiah; M. T. Metzler, Hopland; Mrs. Eva Pickle, Potter Valley; Roy Williams, Redwood Valley; A. M. Sacry, Willits; Henry Bohnsen, Dos Rios; Gravier Bros., Covelo; Mrs. Vera Martin, Longvale; D. A. Butler, Cummings; Mrs. Myrtle Willams, Rockport; Mrs. Alta Van Dorn, Westport.

J. S. Gildersleeve, Fort Bragg; T. W. Markham, Caspar; County Clerk, Ukiah; Helen Tyrrell, Mendocino; E. E. Thompson, Albion; C. H. Buchanan, Elk; Elmer Holloway, Manchester; R. L. McMillen, Point Arena; W. S. Pierce, Gualala; Virgie Zanoni, Navarro; W. R. Clow, Philo.

George Lawson, Boonville; Mrs. Elora Harris, Yorkville; Mrs. Ethel Jeffreys, Spyrock; Adolph Grothe, Bell Springs; Arthur Harwood, Branscomb; John Gummerus, Comptche; C. C. Kirk, Piercy; Odessa Jackson, Cloverdale; Lillian Silver, Laytonville; Candida Broglio, Calpella; R. E. Ledford, Talmage.

J. H. Cake, county poundmaster, at large.

Statement Says Accident Toll Up

Figures released by Captain Ben Myers of the California Highway Patrol show that the traffic death rate is on the increase in Mendocino, according to a statement issued by the Ukiah chamber of commerce.

A very large percentage of accidents in this county occur on the treacherous stretches between Ukiah and Willits. Of 237 accidents in the county in 1946, 12 were in this section, resulting in 20 injured and 1 killed. The total number of persons killed in the county that year was 24.

Of 282 accidents in the county in 1947, 21 were attributed to that section of highway, resulting in 27 injured and three killed. The total number of persons killed in '47 in the county was 25.

"The Ukiah Chamber of Commerce," says Secretary Paul Sutterly, "is bombarding the state highway commission with telegrams and letters at the time of all accidents now occurring on the grade.

Boy Hurt In Clay Spring St. Crash

Neil Evans of Calistoga was injured in an automobile accident Friday noon at Clay and Spring streets and was taken to the General hospital by the city ambulance. He was held overnight for observation and discharged Saturday morning. He was the 8-year-old son of Mrs. Catherine Evans, 1021 Cedar street, Calistoga.

The cars involved in the accident were the panel pickup driven by George Eckman of McPeak street and the sedan driven by Mrs. Evans. Each driver saw the other approaching the intersection, Evans told Officer Moore he thought Mrs. Evans would slow down while he got across. Mrs. Evans said she thought she had time to make it across the intersection. Both were wrong.

SANTA ROSAN PAYS 'N' PAYS

Judge Allan Sacry of Willits took $185 from the spending money of Howard Zumwalt of Santa Rosa, the morning after he was arrested and charged with drunk driving, no license and faulty headlights—$150, $25 and $10, respectively.

CONTRACT BREACH CHARGED BY WARE

Charles Van Vlake Defendant In Action For $8500

Lawrence Ware of Fort Bragg filed a damage suit last week against Charles Van Vlake and William Rowe for a total of $8500.

The complaint charges Van Vlake with breach of agreement to purchase Ware's 15 shares of common stock of the Standard Bottling Works at Fort Bragg for $12,000. The total number of shares of the corporation is 50. Of the remaining 35 shares, 11 were owned by Ray Ware, a brother of the complainant, and together constituted 52 per cent of the captal stock and as a voting unit, Lawrence Ware's 15 shares were valued at $12,000; he and his established as a means of advising brother having agreed that neither would sell without the consent of the other.

The complaint says that to get control of the company without buying the shares of both brothers Van Vlake "conspired and schemed" with defendant, William Howe. For Lawrence Ware's shares Van Vlake offered to pay $12,000, to which Ware agreed when the consent of his brother was obtained. With that consent obtained, the complaint says William Rowe, ostensibly in his own name, purchased Ray Ware's 11 shares for $6500, which he sold to

Grass Valley Choir To Be Next Treat In Store For Music Lovers of Ukiah

Music lovers in Ukiah and surrounding towns are invited to an outstanding musical program Sunday afternoon, January 11, at 4 o'clock, when the male choir of Grass Valley appears in a sacred concert at the Ukiah Methodist church. Because of the number of engagements filled by this group it was necessary to book them far in advance of the scheduled date.

These well-known singers have thrilled vast audiences on numerous radio programs, besides traveling to many cities within reasonable distances of their home.

For years this organization has given graciously of time and talents to bring happiness to thousands of delighted listeners during the holiday season. Their greatest compensation is the keen satisfaction of lending enrichment to the lives of young and old, who enjoy inspirational music.

The choir is composed of men and boys whose enthusiastic rendition of the renowned Cornish carols afford a memorable experience to appreciative congregations. Since early youth the men in the Grass Valley Choir have enjoyed choral singing for the sheer joy of producing subtle harmony in reverent song. The youngsters who cooperate with them have caught the spirit of their elders, making for balance and sweetness of tonal beauty in their fine productions.

It is expected the capacity of the Methodist church will be taxed to accommodate all who wish to hear this unusual choir. No tickets are necessary, but a free-will offering will defray travel expenses of these generous vocalists.

Harry Bonnifield Ran Afoul Gunmen

Harry Bonnifield, a Ukiah man employed at the Sonoma State Home, was held up at the point of a gun Wednesday of last week by two teenage boys from San Francisco while they released James Kerns, 16-year-old psychopathic delinquent, from the institution.

The gunmen, Albert Kerns and Frank McKenna, 15 and 16 years old, respectively, caught Bonnifield as he entered the room where they were talking to James Kerns, the patent. They were captured Friday and the gunmen taken to San Francisco to face prosecution for grand theft and kidnaping and will be investigated in connection with a recent series of burglaries.

Bonnifield is a brother of Mrs. Paul Poulos and Bob and Henry Bonnifield of Ukiah.

Truck Upset, Driver Hurt

Eurekan Injured Near Where Two Men Were Killed

Richard Whalen of Eureka was taken from beneath his overturned truck Wednesday night and rushed to the hospital at Willits, severely injured.

The accident was within a few hundred feet of where the fatal accident of December 23 overtook Marshal Bowles and Carl Gustafson, who were killed outright, and Marvin Soper, who is still confined in the Howard Memorial Hospital and improving slowly.

Highway Patrolman Fred Hamilton, accompanied by an insurance adjuster, were at the place of the Bowles accident making an examination of the highway when Whalen hove in sight, driving an army truck and towing another. Both vehicles whipped across the road as the driver applied the brakes and as Whalen passed the two men on the highway he again set his brakes and the truck overturned, with Whalen pinned beneath.

After the injured driver was taken from under the truck, the Elliott ambulance was summoned from Laytonville to take him to Willits.

Income Tax Report and the Farmer

EDITORS NOTE: This is the first of two articles prepared by the collector of internal revenue, James G. Smyth of the First California District, outlining the income tax requirements for farmers.

Any person who derives two-thirds or more of their income from the operation of a farm or ranch, either as owner or tenant, is classified as a farmer by the internal revenue.

Landlords who receive two-thirds or more of their income from the rent or lease of a ranch in crop share payments, also have all the rights and privileges of preparing their income tax returns as farmers.

Landlords who receive cash for the lease or rent of a farm are not considered farmers.

All persons who come under the internal revenue heading as "farmers," are required to prepare and file an "Estimated Declaration" by January 15, 1948. This declaration must be within 66⅔% of the actual tax liability. The 1947 Estimated Declaration (Form 1040ES) should be used by farmers. The 1948 Estimated Declaration, due March 15, is filed by business and professional men and women.

Farmers who have all income tax information available, may, by preparing and filing a final return on Form 1040, eliminate the preparation and filing of a declaration.

If the declaration is filed, a final return must be filed by March 15. All tax shown to be due on either the declaration or the final return must be paid at the time the return is filed.

The utmost cooperation between taxpayers and the internal revenue is urgently needed this ye to facilitate the filing of tax returns.

Owing to an approximate one-third reduction in personnel only 275 deputy collectors will be available in this tax period to assist in the filing of returns. In the 1947 tax period 400 deputy collectors assisted in the preparation and filing of tax returns.

A steady increase in population is expected to set a new high in the number of returns filed this tax period in the First California District.

Unless returns are filed as early as possible, last-minute crowds may jam internal revenue offices, causing many taxpayers to wait hours before obtaining assistance in filing their returns.

Call For More Money For Solons

At a recent meeting at Sacramento of county superintendents of the state, held in the office of the state superintendent of public instruction, it was unanimously voted to endorse and support the proposed constitutional amendment which would increase the remuneration of legislators in the State of California.

A statement issuing from the meeting says: "Anyone who has been active in Sacramento during legislative session knows the ability and energy necessary to be a good legislator. If we are to continue to have the best men represent us in Sacramento we must be sure they do not have to make too many personal sacrifices. The proposed amount is little enough."

Swindler Comes Back For Sales Tax

Something new was added to the gentle art of swindle last fall by a "salesman" for a beverage cooler who took a down payment of $120 for the machine and promised delivery in two or three weeks and came back two weeks later to collect $13.65 sales tax which he had failed to pick up when the order was taken.

John Breem of Napa sold the machine on October 17 to Ernie and Laura Shields of the Cypress Auto Court on South State street. After paying over the sales tax they waited patiently for delivery, away past the two delivery dates promised, and finally took it up with the police department.

Chief of Police Viarengo contacted the Oakland firm Breem claimed he was representing and was told that they had no such salesman. Breem was later picked up at Napa and released on $500 bail.

Wednesday of this week Breem appeared in the court of Justice W. S. Van Dyke where the matter was gone over thoroughly and a continuance taken.

UIKAH POSTOFFICE IN BIG INCREASE

Over Million and Half Cancellations During 1947

Quite the greatest year's business in the history of the Ukiah postoffice is indicated by figures released by Postmaster Ruby Cunningham, giving comparisons between 1946 and 1947 for the number of pieces of mail cancelled.

The 1947 record places the Ukiah postoffice in an enviable position among cities of our class, since we have advanced to third place in the 10 classifications for a first-class postoffice. Six years ago, says Postmaster Cunningham, we were third from the top in the classification for a second-class rating. Each year has seen a steady growth in the amount of business originating here.

In the calendar year of 1946 there were 1,449,972 pieces of mail cancelled at the Ukiah office. In 1947 the total cancellations was 1,693,783.

The gross postal receipts for 1947 were up 19.6 per cent over the previous year. Pieces of air mail dispatched in 1947 totalled 90,151. August was the peak month when the total for the month reached the commanding figure of 10,248 pieces.

The holiday season of 1947 also set a new record, being fully 25 per cent heavier than the previous season, both in volume of incoming and outgoing mail, including parcel post.

FIGHT INFANTILE PARALYSIS

Join the MARCH OF DIMES

JANUARY 15-30

Poster boy for 1948 March of Dimes, marking the tenth anniversary of the National Foundation's war on polio, is curly-haired Terry Tullos, 3, of of Laurel, Mississippi, son of Mr and Mrs. Clarence E. Tullos. Terry was the only child stricken with polio in Jones county, Mississippi, in 1945. The physician who diagnosed his case, Dr. E. Jarrett, had but two weeks previously returned from a course in diagnosis and treatment of polio in Minnesota.

Terry was paralyzed from the hips down, and today wears braces—his fourth pair. The braces, like all his care and treatment, are provided by the National Foundation's Jones county chapter.

Terry spent nearly a year in the polio clinic at Jackson, Mississippi, and returns every 12 weeks for muscle and brace checkup. He has lost none of his penchant for mischief.

While her son was in the hospital Mrs. Tullos became active in the Jones county chapter, was later elected secretary and put in charge of women's activities. In the 1947 March of Dimes, Jones county raised nearly five times as much as in the previous campaign.

Mr. Tullos is employed in the Laurel office of the Mid-Continent Supply Company, oil drilling equipment.

Persons benefitted by drawing on this hospitalization fund may repay in whole or in part, and by reciprocating, enable others to take advantage of the service provided by the club members.

Commander Scott, Chamber Commerce Dinner Speaker, Saturday, January 24

Commander Scott, he of the Romance of the Highways fame, has been engaged as speaker at the twentieth annual dinner of the Ukiah Chamber of Commerce, which will be held at the grammar school auditorium Saturday evening, January 24. Art Schilder will be master of ceremonies.

The program for the evening is in the making and will include the introduction of the chamber of commerce officers, and an outline of the chamber's objectives for the year and a resume of the past year's activities.

Commander Scott's radio programs have been heard by millions, and his presence as speaker of the evening should assure a capacity attendance.

During World War I, Scott rose to the command of a squadron of the Royal Navy Air Service and took part in the fighting on many fronts. In his postwar service he incurred injuries so severe that he was forced to retire from the navy, later embarking on a travel career in which he encircled the globe 13 times in his visits to strange places in every country of the world. Finally he settled in America and began his tour of the states and in 1936 began telling of his experiences, in his radio broadcasts which are sponsored by the Pacific Greyhound Lines.

To his eyes a wealth of beauty and magnificent prospects are found in whatever spot he visited. The towering hills, the deep valleys, the rushing mountain streams, the thundering silence of the desert—all are parts of the Unreal Reality, which he will bring to the chamber of commerce annual dinner, as the speaker of the evening.

Pledge Service At Eastern Star

The tables in the dining room were arranged in the shape of a star, with each table having a centerpiece of miniature snowmen and women, and a complete snow scene with house and barn with animals on the central table, where all the notables of the evening were seated.

The refreshment committee was headed by Ina Branson, assisted by J. D. Branson, Rose Heryford, Burnam Heryford, Lottie Tinker, Ellen Leno, Mr. and Mrs. Charles Foreman and Lura Broaddus.

Guests of the chapter were Dr. and Mrs. David Williams from Keystone chapter of Napa; Mrs. Hazel Richards from Federal chapter, Chicago; Mrs. Marion Rodgers, Thelma Sawyers, Mrs. Marie Greenberg, Mrs. Orletta Nelson and Mrs. A. Koster from the Willits chapter.

The Mothers' Club held their first meeting of the new year Tuesday evening, January 6, at the home of Mrs. Ted Hinds, with 18 members and three guests present.

The new president, Mrs. E. Swigart, presided over the business session.

zThe lesson topic for the evening under the leadership of Mrs. Nolan Hunt was "It's No Fun to Be a Goody-Goody," dealing with the development of a child's conscience. Parents must help their children find the delicate balance between a healthy feeling of responsibility and an undesirable oversupply of conscience. Several points were brought out in the ensuing discussion to attain this balance.

An interesting article entitled "A New Image of Parenthood" was read by Helen Woodworth, and Mrs. Harold Lawrence volunteered a humorous reading, "How About Mommie's Repressions, Too?"

After the meeting delicious refreshments were served by the hostesses, Mrs. Ted Hinds, Mrs. Frank Harader and Mrs. Burton Banzhof.

L. V. Garden Club Christmas Party

The second Christmas party of the Long Valley Garden Club was given at Rancho Ednita December 22, when Anita Harton, hostess and president, entertained the members at a delightful luncheon.

The long table was artistically decorated with a centerpiece of Dutch holly, flanked on either side by heirloom candelabrums, ablaze with red candles. At one end of the table old St. Nick left his reindeers and sleigh, while making his entrance through the top of a red brick chimney. At the other end a musical Christmas tree revolved to the tune of Christmas carols.

Low, chubby candles, encased in silvery frills, burned at each plate, casting a soft glow on individually styled place cards portraying the birth flowers of each guest.

Following luncheon, the group retired to the spacious living room where beautifully wrapped gifts were piled high under the tree.

The method of gift distribution was uniquely devised, affording a great deal of amusement as each guest attempted to match a portion of a Christmas card, cut jigsaw fashion, with the remainder placed on the gift package.

A prize for the prettiest package wrapped at the least expense went to Alma Geiger.

Mary Morrison of Branscomb contributed to the success of the party through her rendition of appropriate solos, later leading the group in singing Christmas carols.

A touching Christmas story was read by Retha Neblett, inducing a bit of sniffling and dewey eyes.

During the short business session the president was authorized to take necessary steps to have the club incorporated.

Plans are under way for a garden contest, with prizes for best efforts in new gardens, old gardens, pot or window gardens, and landscaping. The various divisions were made in order that each member might have an equal opportunity in competing.

The next meeting will be held at the home of Belva Harwood of Branscomb, Thursday, January 15.

Mrs. Estella Tally of the New Spring Grove Creamery will exhibit colored movies of the last three Frontier Days parades in Willits, affording an opportunity of reviewing the floats entered by the Long Valley Garden Club.

Progressive Dinner Celebrates New Year

A progressive dinner was one of the delightful and different means of ushering in the New Year, and it started off with the serving of relishes and appetizers at the home of Mr. and Mrs. Mark York, just north of town. The soup course was also served at the York home.

The party left the Yorks for the home of Mr. and Mrs. L. H. Foster, where the Fosters, including Mr. and Mrs. Arlington Foster, served the salad course. This was a lively part of the evening, with the dishing up of snappers and noise makers with the salad.

The merrymakers really settled down at Mrs. Ruth Kington's and Miss Hattie Rowland for the serious part of the evening. That is, the entree. The menu included baked ham, sweet potatoes and all the attendant dishes for this renowned southern food, including hot buttered rolls.

It was well on toward midnight when the party reached Mr. and Mrs. Warner Holzhauser's on Clay street. Here they were served pumpkin chiffon pie with whipped cream and coffee, and here was where they saw the New Year in with more loud clacking noise makers and much good fun.

Father James O'Flanagan officiating, using the double ring ceremony.

Her finger-tip veil was also of lace with scalloped edges and fitted to her hair with a tiara of orange blossoms. Her gloves were long satin finger-tips.

As something old she carried a lace handkerchief which belonged to her great grandmother. Her bouquet was an orchid encircled by white gardenias.

The bride's attendants were the groom's sisters, Mrs. Elowyn Osbourne and Mrs. Dolores Francis, both of Gridley. Mrs. Osbourne wore pink net with a taffeta bodice and Mrs. Francis wore shell pink marquisette brocaded with white flowers. Both carried colonial bouquets of deep pink carnations and each wore a halo of pink and white feathers and pink satin fingertip gloves.

The groom's attendant was his brother, Raymond McNiff of Potter Valley. Ushers were Joe Whiteside, Jr., Daniel Osbourne and Simon Francis.

Balloons Decorate Bowen Home, Make Glad Welcome for New Year

Colored balloons hugging the ceiling of the home of Mr. and Mrs. Ross Bowen of Park avenue, Ukiah, made a gay reception for guests at their New Year eve celebration, which was in a manner of speaking for their daughter, Mary, who is at home from Pacific Union College at St. Helena.

Guests were greeted and shown into the dining room where they were served with fruit cups, cookies, nuts and mints, and the ladies were given corsages of silver sprays with New Year greetings.

An exciting and pleasurable part of the evening was the fishpond (a fake so far as fish were concerned — but fishing?) where the men took a miniature fishpole and fished for numbers that matched ones in the silver spray greetings held by the ladies.

With the numbers in the fish pond were rolls of paper, out of which the men had to fashion hats with that new look for their partners. Alvin Barber won the prize for Mrs. Gordon McCrellis.

After the ladies were dressed up in their hats they formed a parade of hats and movies were made of them as they moved through the blue spotlight. This was quite an event and more than likely will result in a showing to movie spotters, looking for fashion hats with new faces.

Program with readings, songs, duets, games, and community singing kept the crowd happy until midnight when they really reached for the balloons and welcomed the new year in grand style.

THE COST OF GAS AND ELECTRICITY IN YOUR HOME HAS GONE DOWN

It takes a lot of shopping around today to find a pre-war bargain. Practically everything in the line of home necessities, for example, has climbed steadily upward in price since 1939. However, there is one exception...the cost of gas and electric service has gone down and down in price.

Year in and year out your dependable gas and electric service has helped you run your home with money-saving and labor-saving appliances at rates far below the national average. And no matter how much other items in the cost of living may go up during this New Year, you can be sure that cost of gas and electricity will remain the biggest bargain in the home.

Mr. and Mrs. Frank Robert Haydon returned to their home in Eureka last Sunday after having spent the holidays with relatives and friends in Covelo.

Mr. and Mrs. Phil DeFord and children have returned from Tucson, Arizona, where they visited relatives over the holidays.

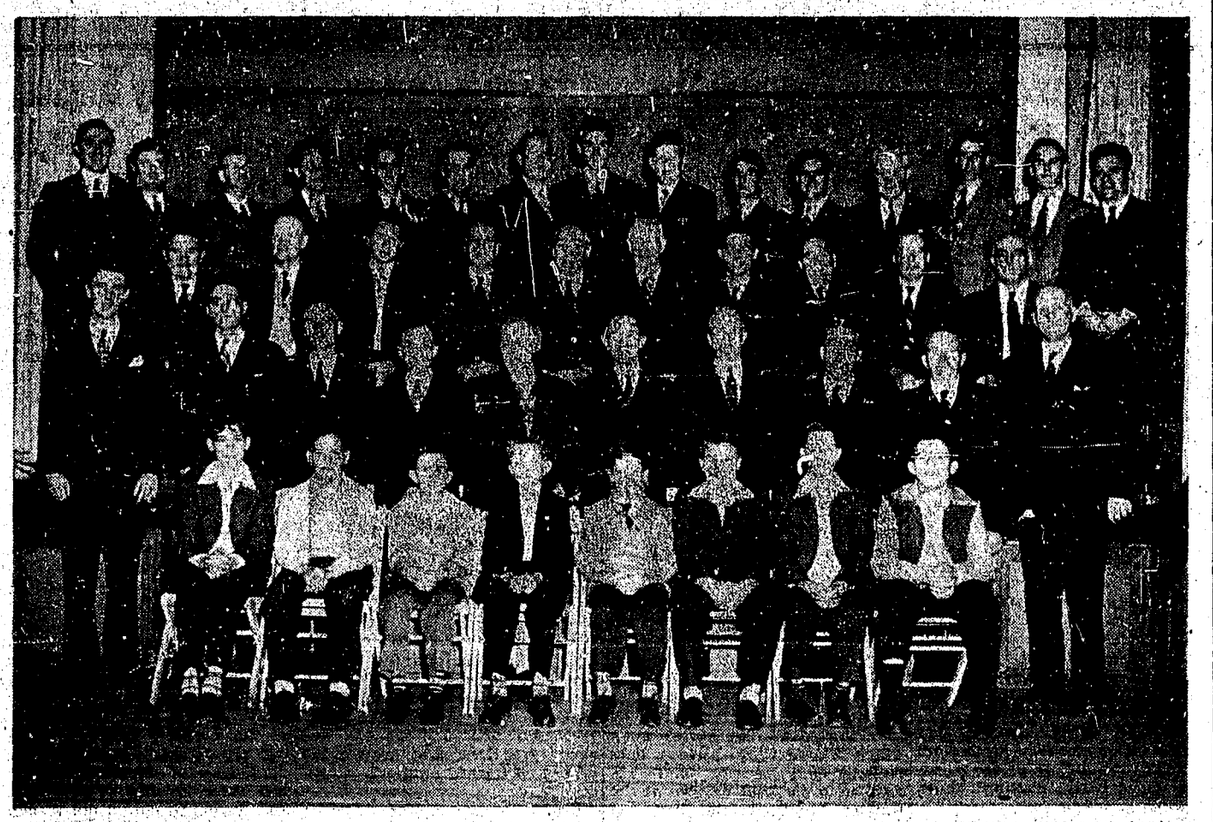
Margaret Noel Perkins arrived at 12:30 a.m. Christmas Day, December 25, to claim her parents, Rev. Roger Perkins and Mrs. Josephine Perkins, and sister Barbara, at Rio de Janiero, Brazil. The little lady weighed 8 pounds, 11 1/5 ounces, and we suggest she watch her calories. Her father, Rev. Roger Perkins, is the son of Mrs. Charles Lovell, and brother of Mrs. Cecil Williams of Covelo. He is also our missionary to Brazil.

A wedding of much interest to her friends in Covelo is that of Imogene Lovejoy and Sgt. H. J. Saunders which took place at the First Presbyterian church in Burlingame on December 29. After a short honeymoon in the bay area and at Carmel, Sgt. Saunders will return to his duties in Japan. His wife will join him as soon as she is allowed transportation.

Imogene Lovejoy was born in Covelo, her parents being Robert Lovejoy and the late Inez Ells Lovejoy, daughter of Mr. and Mrs. George H. Ells. Her mother passed away while she was very young and her grandparents tenderly reared her to womanhood. She trained for nursing during the late war and has followed that profession since.

The writer joins Mrs. Saunders' many friends here in wishing her and her husband much happiness.

The sad news came to Covelo last Sunday of the death of Burke Yates, son of Mrs. James Hurt of our town. Mr. and Mrs. Hurt left immediately for Colusa where the young man had passed away very unexpectedly. Burke is well known here, having spent his boyhood days here and having attended school in Covelo. Of late years he and his little family, wife and son, have lived in San Francisco where he followed the barber's trade.



Music lovers in Ukiah and furrounding towns are invited to an outstanding musical program Sunday afternoon, January 11, at 4 o'clock, when the male choir of Grass Valley appears in a sacred concert at the Ukiah Methodist church, when it is expected the capacity of the church will be taxed to accommodate all who wish to hear this unusual choir. No admission will be charged.

New Rules Affecting Unemployment Now Effective

Important changes in the California Unemployment Insurance Act went into effect on January 1, reports Lucille Soinila, unemployment insurance manager at Ukiah.

Improvements resulting from amendments adopted by the legislature during 1947 give this state what many believe to be the outstanding employment security system in the nation. More liberal benefits for unemployed persons are matched by tighter eligibility requirements and possible reductions in taxes on employers to support the system.

Of primary interest to employees is the new structure of benefits payable to claimants of either unemployment insurance or disability insurance. Effective with new claims filed after January 1, the maximum amount of weekly benefits has been raised to $25 from the former limit of $20. In addition, the maximum duration for paying benefits has been increased from 23.4 weeks to 26 weeks during a benefit year, but with a further provision that no claimant may receive in benefits more than one-half the total of his qualifying wages.

Another amendment will limit benefits of certain irregular workers who are not full-fledged members of the labor force. Previously, any person who had received wages of at least $300 during his base period was entitled to file a claim for benefits when he became unemployed. That provision has been altered by adding tl requirement that if more than three-fourths of the base period earnings were received during one calendar quarter of the base period, the claimant must then have earned at least 30 times his weekly benefit amount in order to qualify for benefits.

The amendment which requires claimants of unemployment insurance to seek work on their own behalf is already in force. Under this provision, jobless persons are required to demonstrate to the department of employment that they have made efforts to secure work.

In addition to the amendments affecting both insurance systems, other changes were made which apply only to disability insurance. After January 1 disability insurance will be paid on a daily basis at the rate of one-seventh of the weekly benefit amount for each day of unemployment due to disability. No change, however, has been made in the requirement that a 7-day waiting period must be completed for each disability before benefits become payable.

An additional liberalization of the law permits the payment of disability insurance to persons who were injured in the course of their employment, under certain conditions. If the claimant is receiving workmen's compensation in an amount that is less than his weekly disability insurance benefit, the difference will be paid out of the state disability fund.

Accident to Cable Interrupts Power

Electric service in Mendocino, Sonoma and Marin counties was interrupted from 11:40 until 11:58 a.m. Wednesday when two high-tension cables were broken at the P.G.&E. substation in Newark.

The cables, each carrying 110,000 volts, were broken by the boom of a massive crane working on a highway project nearby. The crane operator, 30-year-old James S. Green, escaped death by wearing rubber gloves and sitting on a non-conductor cushion.

The power stoppage also affected service in Oakland, San Leandro, Hayward, Albany, Berkeley, El Cerrito, and as far north as Sacramento.

Green, who suffered only minor shock, watched as crews hurriedly spliced new cables onto the severed ones, said, "I heard a crackling noise and saw blue flame spitting out of the bottom of the tractor. Without stopping to shut off the motor or anything else, I jumped. I landed about eight feet away from the tractor. Then I remembered that as I jumped, I went through that flame and felt a kind of shock—not much, just a little."

Lie Detector Test Is Given Quartet

Clement Duncan, Jesse Hanan, John Ivey and Ed McFarland, four men held at the county jail in connection with the slaying of Archie Murdock on the night of December 24, were taken to Berkeley Friday and given the lie detector test.

Accompanying the prisoners were Chief Criminal Deputy William White and Chief of Police John Viarengo, and both officers consider the test a success, they having verified a number of things that occurred in the fight at the jungle camp where Murdock was stabbed to death by James Pollard. Just what information they gained the officers decline to state.

The test was conducted by Al Reidel of the Berkeley Police department, the expert who spent considerable time in Ukiah several summers ago in an endeavor to coax information from some Indian boys concerning another murder.

Merchants-Baptists

Sparked by Howard Leatherman, the alternating forwards of the Baptist basketball team, Bud Lindberg, Neal Beasley, Glenn Higginson and Jim Dowlen, maintained a slight lead for three periods over the powerful Ukiah Merchants and appeared on the threshold of victory, only to crumple before a sharpshooting trio of Merchants, 48-35, in the final period.

Chief Wright, Merchant center, sank a free throw in the final minute of the third period to tie the score, 25-25, with 45 seconds remaining in the period, Chief and his brother Clarence slipped by the Baptist defense to ring up a basket apiece and put their team out in front, 29-25, which was the beginning of the end for the Baptists.

Leatherman tried mightily to steady his teammates, but the Merchants were finally rolling and the fourth period became a route. Lineups:

Flameproof High School

Auditorium Drapes, Curtains Now Comply With New Law

This week the draperies and curtains of the high school auditorium were flameproofed to make conditions within the building conform to an act passed at the last session of the state legislature.

Fire Chief Al Bechtol, in this connection, calls attention to the flameproofing act which is now effective, and which makes it unlawful to maintain any place of public assemblage, used or intended for use as a place of amusement, entertainment, instruction, display or exhibition, unless all drapes, hangings, curtains, drops and similar decorative materials that tend to increase fire hazards are made from non-inflammable material, or are treated and maintained in a flame-retardant condition.

This act embraces night clubs, restaurants, cafes, and similar places where alcoholic liquors are sold for consumption on the premises, dance halls, skating rinks, theatres and schools.

Persons interested can get all details concerning the act and firms engaged in the business of flameproofing by calling the fire chief.

Ukiah Tigers Met Broadway Clowns!

The Ukiah Tigers are probably convinced that it's unlucky to play basketball on the Sabbath, especially if you are matched against casaba tossers like the New York Clowns, who shuffle along and rack up a half dozen points whenever and wherever they will look best on the scoreboard.

Hoping only to make a showing sufficient to allow the dusky visitors the opportunity to put on a good act, the Tigers were just another quintet of wellmeaning boys to the Harlem crew, who took the game in their stride and won by 10 points.

National Golfer Is Visitor Here

Dr. and Mrs. James B. Massengill have as their houseguest Dr. Massengill's nephew, E. C. Middlecoff and Mrs. Middlecoff of Memphis, Tennessee. It will be recalled that Middlecoff has made quite a record for himself as an amateur golfer in the United States, such a record, in fact, that he was invited to play in the Walker Cup tournament in England, which was resumed last spring for the first time since the war. As he was planning to become a professional he declined the invitation.

Officers will be installed by the Catholic Ladies' League at El Rosario Wednesday, January 14, at 8 p.m.

Arrangements will be completed for the dance to be given at the Mendocino State Hospital auditorium Saturday, January 17. Members have been selling tickets and reports have it that Mrs. Peter Frati is well in the lead with her sales.

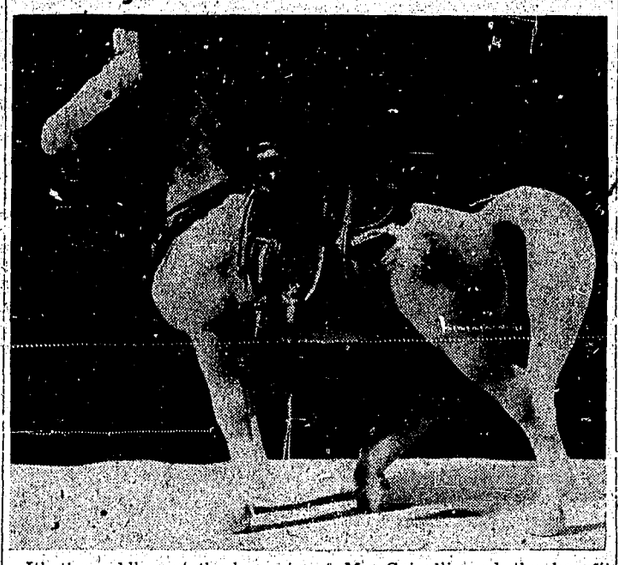
Wednesday Funeral at Covelo for Burke Yates

Funeral services for Burke A. Yates of Maxwell, a son of Mrs. James I. Hurt of Covelo and the late Luke R. Yates and brother of Mrs. E. B. Christensen of Healdsburg, were held Wednesday at Covelo.

Mr. Yates passed away January 4. He was the father of Burke Yates, Jr., and the brother of William and Everett Yates of Willits, Mrs. Ruth Gray of Sacramento, Mrs. C. S. Paskvan, Jr., of Arcata, and Mrs. C. S. Colvin of San Francisco.

Mr. and Mrs. Casey Jones and son Norman are home from Missouri.

Riding Club Generous to Shutin Veteran



It's the saddle, not the horse in the picture above about which the story goes. It's the property of Norman Buhn and was won by him (including the horse) at a Ukiah Riding Club drawing held recently as a benefit for D. S. Aguiler, a disabled veteran at the Hassler Health Home, Redwood City.

Aguiler is an acquaintance and friend of Jack Spinelli, new owner of the former Montgomery blacksmith shop on North State street. In private life, Aguiler was a saddlemaker—a good one. So what was more natural, to while away the time in the health home, than to turn to his trade, and to making miniature saddles.

This one reached Ukiah and the Riding Club benefit with the help of Mr. Spinelli, and the benefit was arranged. Ben Edwards sold the tickets, $50 worth, and it was first intended to split the "pot" 50-50, but after the drawing was over it was decided to throw in the other half toward Aguiler's Christmas.

That's the story. The photo is by Charles Schneider.

At the December election of the riding club Vern Davis was elected president; Harry Gillette, vice president; Mrs. Helen Richardson, treasurer; Arlene Gillette, secretary.

The club's spring festival will be held during the first part of June. The club will organize rides this spring, to be made with other clubs of this part of the state.

★ Potter Valley News

How Many Angles Has a Triangle?

"During the war when we didn't know where we were going to get enough food or clothes for ourselves and we had to take care of more, I couldn't see where it was going to come from," said Rev. Calvin Lee in his talk to his audience at the Christian church Sunday night, "then my daughter came in and handed me a piece of paper and asked, 'what is that you have in your hand'?" It was a triangle.

"Her next question was: 'How many angles has a triangle?' Everyone knows that a triangle has three angles. But my daughter wanted to know what would happen if one angle were cut off."

Take the scissors and cut off one angle of a triangle and you gain two angles. And so this philosophical Chinese man has found that despite the starvation that is a national condition and no matter how impossible things look there is always food, though not quite enough.

Rev. Lee is the superintendent of the Morning Star Orphanage and principal of Muan Shin Middle School in Canton, China. He has been in this country since July trying to obtain aid through the missions and churches here and in Canada.

He had some rather pertinent remarks about the difference in the supply here and in China. He has 500 children for whom he is responsible. He had 100 coats for them. There was no evident supply of coats, then a box of supplies came from America with quilts that had been made by the women of the missionary societies in American churches. The Chinese fashioned coats of these quilts and so kept the children clothed.

In China they waste nothing. He told of many little things they do to conserve the things they have. His wife saved the Christmas greeting cards they received and painted designs over the signatures, then sold the cards to raise money for food and clothing. They sell mulberry leaves.

He said, "We never have enough food in China. So we are all too thin. I do not like American food when I first came back. But now I say that I have learned to eat well-balanced meals. Now I have quantity and quality. When I return home I hope to have quality that will give me the balance in my diet."

Another thing Rev. Lee noticed is that our newspapers contain so much about man being killed, man being destroyed, and he asked a newspaper man why he write so much about destruction. Newspaper man replied, "I have a wife and several children to support. I write what the people want to read," and then Lee wondered about that.

In China $10 a month will feed, clothe and educate a child adequately. One American dollar in Chinese money is about—in the thousands of dollars. If one should want to send parcels to the school, they may be addressed to Rev. Frank Short, The Bible Depot, No. 1, Ice House Street, Hong Kong, China.

George Portlock Calls Parents on His Birthday

Mr. and Mrs. George Portlock received a phone call from their son, George Dalton Portlock, from Birmingham, Washington, on January 6, the occasion of his 19th birthday. He is in the navy and couldn't get home for the holidays or his birthday. As this is the first time he has been away from home on either occasion, he called home to say he would be in San Francisco soon on his way to San Pedro, and it might be nice if his family could happen to be in the city at that time.

Another birthday celebrant in the George Portlock home was Ronald, who was a year old January 4. He had a birthday cake with one candle on it and is reported as having had a wonderful time all by himself, completely unmindful of the admiring glances of the rest of the family as he disposed of the candle and the cake without eating any of it.

Mrs. Earl Eby will be hostess to women of the Sewing Club when it meets at the home of Mrs. George Portlock, 388 South Dora street, Wednesday, January 14. She has a nice afternoon planned and hopes for a full attendance.

Thad's Feet Hurt

After a long, hard day's work on the farm, Thad's idea of how to spend an evening is to take off his shoes, and relax with a mellow glass of beer.

But his missus has other ideas. After being in the house all day, she's all for walking to the village, if it's only for a soda. Likes to see people, catch the latest gossip. But Thad says, no, his feet hurt! Began to cause unpleasantness in Thad's home.

Then Bill Webster comes up with an idea. If Thad takes the missus to Andy's Garden Tavern, Thad can relax with his glass of beer, and the missus can also chat with all the neighbors there. Each gets his (or her) own way.

Worked, too! In fact, now the missus likes an occasional temperate glass of beer herself. And Thad finds it's pleasanter to enjoy his beer with good companions, rather than alone. In fact, his feet stopped hurting too!
